

PRINCESS EV 7KW - 44KW AC CHARGER FLOOR STANDING DUAL GUN

PRODUCT INFORMATION

The **Princess EV Solutions 7kW - 44KW AC Charger** is a high-performance, reliable EV charging solution designed for both private and commercial use. Compatible with **Type 2, Type 1, GB/T, and NACS** connectors, it supports a **maximum current of 32A**, delivering fast and efficient charging for a wide range of electric vehicles. Engineered for safety, it includes multiple protection features such as overvoltage, overcurrent, leakage, and temperature protection. With an **IP54 rating**, it is suitable for both indoor and outdoor installations. The charger features an intuitive **LCD display** that provides real-time information on voltage, current, and power. Users can conveniently **set the charging current and delay time**, offering greater flexibility and control. Easy to install with options for **wall-mounted or floor-mounted setups**, and backed by **OEM services**, this charger is a smart, future-ready choice for any EV charging need..

SPECIFICATION TABLE

DESCRIPTION	VALUE
Rated Voltage	230VAC - 400VAC
Current Range	32A
Charging plug	3phase plug + 4.8m
Frequency	50 / 60 Hz
Rated Power	7KW - 44KW
Charging Gun	5m Charging Gun with GBT / CCS2 / CCS1 / CHadeMO Standard
Started mode	Plug-and-play/ RFED Card/ APP
Display Screen	3.5 inch LCD Screen
IP Grade	IP 54
Cooling	Fan Cooling
Working Temperature	-20°C~ +50°C
Storage Temperature	-30 ~ + 50°C

Cooling	Natural Cooling
Unit Size	H =1500MM W = 300MM D = 470MM
Mounting	Floor Standing
BRAND	PRINCESS
